STATE PRESS ASSOCIATION

Is Being Royally Entertained in Lake
City—Will Meet in Ocala Next
Year

Lake City, Fla., March 22.

Lake City gave the members of the
State Press Association a splendid re-
ception. Rector Little was one of the
speakers last night and delighted the
large audience. At the business ses-
sion this morning the presidency of the
association was proffered the editor of
the Star, which he declined that the
honor might fall on Editor-in-Chief
Geo. W. Wilson of the Times-Union.
C. L. Bittinger was made vice presi-
dent and state executive committee-
man to the National Editorial Asso-
ciation, which meets in Guthrie, Ala.,
June 7 and 8. Ocala was chosen as the
next place of meeting in 1906. The
weather is lovely. We meet in the
auditorium of the University tonight.

COUGHED ALL NIGHT

But Quickly Cured by Chamberlain's
Cough Remedy

"A few mornings ago Mr. J. G. Smith-
erman, a good citizen of this place,
came to the store for a cough reme-
dy," says Dr. C. N. Parnell of Maples-
ville, Ala. "He was so hoarse that he
could hardly talk and said he had
coughed all the night before. I sold him
a bottle of Chamberlain's Cough Rem-
edy and told him that if it did not re-
lieve him he might bring the bottle
back and get his money. I saw him the
next morning carrying the bottle to
the store where he works, and he told
me it did him more good than any me-
dicine he ever used." For sale by the
Postoffice Drugstore.

SPRING PARK

A Young Life Cut Short—Painful Ac-
cident to Mrs. Avery

We received a pleasant call Sunday
afternoon from C. L. Bittinger's fam-
ily of Ocala and their guests from
Summerville, Mass. Mr. and Mrs. Fred
Jones, and grandson, Master Asa Mer-
rill.

Hon. J. C. French was quite ill last
week, but is more comfortable at this
writing.

As Mrs. J. L. Avery was assisting
Mrs. M. E. Sears in re-potting plants,
etc., one day last week she caught her
foot in the plank walk in the back
yard and was thrown to the ground,
receiving a terrible wrench to her right
arm and shoulder, a severe bruise to
her left knee, besides several minor
injuries. We are glad to say she is
able to be up and around, although
very lame yet.

Mr. Wallace, from Connecticut, called
upon Hon. J. C. French Monday, to
renew acquaintance made sixteen years
ago while here on a visit to his wife's
cousin, Mrs. Comstock, who was then
Miss Louisa Doud, the lady who built
the house formerly owned by Mrs. M.
J. Hall.

We are informed that Master Walter
Webber passed away at the asylum
in Tennessee about two weeks ago. He
was sent there for treatment, but his
disease was incurable, and his short
life here had a sad ending. We shall
always think of him as a very bright
little lad, unusually so for one of his
years, and we extend sympathy to the
parents and friends.

ACCUSED THE JUDGE

Attorney for Greene and Gaynor Said
Justice LaFontaine Was Hired by
the United States

Montreal, March 24.—Considerable
excitement was caused in the magis-
trate's court when counsel for Gaynor
and Greene virtually accused Judge
LaFontaine, the extradition commis-
sioner, of being under contract with
the United States in connection with
extradition cases. Many personalities
were indulged in. LaFontaine indignantly
denied the charge, but agreed to
withdraw and allow the case to be
tried before Chief Justice Lacoste.

Donald MacMaster, who represented
the United States, characterized the
accusation as false.

CURED HEMORRHAGES

OF THE LUNGS

"Several years since my lungs were
so badly affected that I had many hem-
orrhages," writes A. M. Ake of Wood,
Ind. "I took treatment with several
physicians without any benefit. I then
started to take Foley's Honey and Tar
and my lungs are now as sound as a
bullet. I recommend it in advanced
stages of lung trouble." Foley's Honey
and Tar stops the cough and heals the
lungs, and prevents serious results
from a cold. Refuse substitutes. Sold
by the Postoffice Drugstore.

without satisfactory results, I was per-

mend to all suffering from kidney and
bladder troubles. Yours truly,
W. H. Bruton.

THE RHODES SCHOLARSHIP

Two Pass the Responsions Examina-
tion—Other Interesting Items
From the State College

Tallahassee, March 23.

In the recent responsions examina-
tion for the Rhodes scholarship, two of
the five Florida applicants passed. They
were P. H. Whaley of Pensacola, a
graduate of Kenyon, O., college, and
F. W. Buchholz, a member of our pre-
sent senior class. Since, of course,
both cannot go on one scholarship, a
committee will decide as to which one
shall have this great honor. The com-
mittee who decides this is made up of
Presidents Sledd, Murphree and Black-
man, of the University of Florida, the
Florida State College and Rollins Col-
lege, respectively.

The normal department of the state
college has just opened, and many of
the enthusiastic and inquiring teach-
ers of the state are here. The normal
class numbers between forty-five and
fifty—all steady and industrious young
men and women. With this late addi-
tion the college now has three hundred
and seventy-five students, thirty-eight
counties being represented.

Last week Governor Broward, with
his cabinet, paid a visit to the college.
The governor gave us an interesting
and inspiring talk on education, paying
special attention to the part played by
college education. State Superintend-
ent Holloway made a few pointed re-
marks, which were followed by a very
flowery and much applauded address
from Captain Lynch of the East Florida
Seminary. The visitors declared
themselves as pleased in the highest
degree with the student body of the
college, and each and every one, both
faculty and students, enjoyed very
much their visit.

By the way, it may be a good idea
to remind any readers of the Star, who
intend to compete, that the latest date,
April 1, is nearly here, when the es-
says on Jefferson Davis can be sub-
mitted to the Tallahassee division of
the United Daughters of the Confed-
eracy.

Last Friday we again had some very
distinguished gentlemen as visitors at
the college. We had the pleasure of
having with us the president and trust-
ees of the University of Florida. Dr.
Sledd made a beautiful speech on "The
Heritage of the South." He spoke elo-
quently and well of the glorious name
handed down to us by our predeces-
sors, and admonished us to follow in
their steps.

The spring bulletin of the State Col-
lege will soon be issued. Besides a
good deal of useful information about
the college, it will contain a few of the
best of this season's orations. To any-
body asking for one, Mr. Murphree
will gladly send a copy.

Before I close let me say just a word
about commencement. The commence-
ment program is already being made
out and this year there will be an un-
usually large graduating class. Of
those who will leave us this year there
is not a single one but will have only
the tenderest memories of his Alma
Mater, and feel that to each individual
she has been in reality a "benign
mother." Hugh E. Williams.

STETSON NORMAL SCHOOL

FOR TEACHERS

John B. Stetson University has four
colleges and five technical schools. One
of these is the normal school for teach-
ers. The spring term opens Wednes-
day, March 29. It runs for nine full
weeks. It prepares teachers especially
for the June examination. To all Flori-
da teachers a special rate of \$35 for
board, tuition, laundry and light is
made for the spring term. The Uni-
versity has a faculty of forty-eight.
Fifteen of these will teach in the nor-
mal school and other departments are
open to normal teachers. The faculty
includes President Lincoln Hully of
Harvard and Chicago; Prof. Carson of
Wesleyan, Conn.; Prof. Baerecke, from
Leyden, Holland; Prof. Baldwin of
Yale; Prof. Frost of Chicago; Prof.
Bauder of Columbia; Prof. Smith of
Chicago; Prof. Sears of Dartmouth;
Director S. B. Vincent of Chicago, in
addition to an able corps of capable
Florida teachers who know the condi-
tions in the public schools of Florida.
The Stetson Normal School would like
to help the teachers of this county,
and indeed of the whole state. The la-
boratories, museums, shops, athletic
field, gymnasium, music school, art
school and all other parts of the Uni-
versity will be open to the inspection
and use of Florida teachers.

ARE YOU ENGAGED?

Engaged people should remember
that, after marriage, many quarrels
can be avoided by keeping their diges-
tion in good condition with Electric
Bitters. S. A. Brown of Bennettsville,
S. C., says: "For years my wife suffer-
ed intensely from dyspepsia, complicat-
ed with a torpid liver until she lost her
strength and vigor, and became a mere
wreck of her former self. Then she
tried Electric Bitters, which helped her
at once, and finally made her entirely
well. She is now strong and healthy."
The Anti-Monopoly Drugstore sells and
guarantees them, at 50c a bottle.
